

## Help us build a shelter at Thrupp Lake! Wednesday August 18, 2010

We're building a shelter and we need your help.

Our innovative shelter is modelled after a water lily and will be a wonderful addition to the lakefront. Be a part of it by helping us attach the shingles (wooden tiles) to the outside.

Feel free to bring a picnic, enjoy the lake, and help us build for the future of Thrupp Lake!

Children of all ages welcome and must be accompanied by adults.  
Meet us at the Sandles building, Thrupp Lane, OX14 3NG  
Drop in any time between 10am and 3pm

Please be advised, there are currently no toilet facilities at Thrupp Lake.  
Caution: deep water at the lake
